

**HAVING MY TEMPERATURE
CHECKED AT SCHOOL**

When I go to school I will have my temperature checked.

This is easy to do and does not hurt.

Getting my temperature checked may help keep me healthy and my friends too.

I will need to have my temperature checked each day at school and that is okay.

If my teacher is worried about my temperature they will call my parents.

This is okay because my parents can look after me.

Everyone will be proud of me for helping them to stay healthy by getting my temperature checked.
